4166 Knox Court  
Denver, Colo.

Dear Mr. Salmon:

The national office of the Socialist

Party has sent us a copy of your letter to them of March

15. I should be glad to recommend financial help in your case to our committee if I could see a likelihood of its being effective. Won't you have Whitehead and Vogl write me a letter pointing out specifically their grounds for thinking the case a strong one? I should be glad to be convinced of the possibility of establishing the legality of your fine stand.

Yours sincerely,
